Suggestions for guidance of Standing Committee on collection on the Flag Day, 2009.

The aim of all the suggestions given below is to ensure number of collections for the Flag Day 2009 and all planning should be with this particular object in view.

It is felt that while one day in the year may be nominated as the Armed Forces Flag Day. It may not be organizationally possible to arrange all collections effectively on that day alone. It is therefore, necessary to plan in advance at high enough level in the State and at Districts.

- a)
- The detailed steps that have to be taken to centralise the task of making collections effectively.

- b) Specifying the days of period of days over which intensive efforts would be made to make collections.
- c) The Special steps that may have to be taken to ensure active cooperation of the authorities employing large number of persons or of places where large number of persons come daily.

SUGGESTIONS

- 1) State/District Committee for Flag Day collections should carefully scrutinise the requirements of car flags/stickers to ensure that the demands are commensurate with the population.
- 2) One sure way of stepping up collections is to sell large number of Flag every year. For this purpose endeavors may be made to contact every potential donor both in urban and rural areas.
- 3) The managements of big industrial and other concerns and cinema houses may be made special request to organise collections through their own agencies in their concerns and remit the amount to the State Governments as their collections/contribution to the flag day fund.
- 4) Collections may be organised at Railway stations, posts offices, Marketing places, Cinema houses, Bus stands and where people gather in larger numbers.
- 5) Commercial concern and business houses of repute may be asked to donate generously, apart from individual donations.
- 6) As majority of the population reside in village special attention may be given to collect donations from rural areas through local revenue and community project staff. The publicity posters supplied by the Director of advertising and visual publicity, the Ministry of Information and Broadcasting, being meant for those who do not read newspapers, they should be affixed mostly in rural areas. For urban areas newspapers publicity will work.
- 7) Flying clubs, where stationed, may be requested to stage acrobatics in aid of Flag day fund.
- 8) Race clubs, sports organisations etc, may be requested to arrange special events in aid of the fund.
- 9) Managements of hostels/restaurants etc, may be instructed to organise special balls/entertainments in aid on partially in aid of the fund.
- 10) Charity shows and other forms of entertainment may be held during the year to raise funds in aid of flag day fund.
- 11) Flag Day must be given good publicity, Governors and Chief Ministers may be requested to issue appeals to public for generous donations.
- 12) Cinema slides publishing the advent of the Flag Day may be exhibited for one week before its observance.

- 13) Important establishments and installations of the Armed Forces where stationed may be contracted for assistance and the service of the national Cadet corps may be utilised. Collections may be organised in close collaborations with the local Military Commanders who have instructions to extend the maximum cooperation in making these collections a success.
- 14) Effective measures should be taken to prevent leakage of collections as well as distribution of flags by unauthorised persons. Flags may be destroyed by burning in the presence of a Gazetted Officer and a Certificate giving number of such flags furnished to the Secretary, Flag Day Fund and Kendriya Sainik Board, Raksha Mantralaya, New Delhi.
